

Ruby on Rails Developer Croatia

WORK EXPERIENCE

14/01/2020 – CURRENT Croatia

SENIOR RUBY ON RAILS DEVELOPER RUBYCODE D.O.O

I have been working as a Senior Ruby on Rails Developer on a telehealth project for a US based company Teladoc Health, Inc.

- I am a part of a multinational team, consisting of developers from Croatia, India, Argentina and US, under supervision of a US Senior Director of Engineering
- extensive experience in working in an Agile/Scrum team
- extensive experience in developing software using Test Driven Development by working on tickets on Jira platform and driving them through complete Software Development Life Cycle - Code review, QA, UAT, Release
- worked with documenting the code, features and issues on Confluence
- analyzed and improved application efficiency by optimizing queries, and code refactoring
- designed and implemented database architecture for applications using various databases (PostgreSQL, MySQL) and gained enough experience in working with Redis and Sidekiq
- used Docker for containerization on the project
- developed and integrated RESTful API's for the project using JSON and XML
- hands-on experience in Test Driven Development (TDD)
- gained good experience in writing maintainable, reusable and DRY Ruby code
- all software version control was done on GitHub, so I gained extensive experience in Git and GitHub as well
- gained good experience with HTML5 and CSS3 as well as Bootstrap

31/05/2017 – 30/11/2020 Zagreb, Croatia

SENIOR RUBY DEVELOPER / DEVOPS ERICSSON NIKOLA TESLA, ZAGREB

I was working on developing and maintaining complex web tool used inside Ericsson corporation for continuous integration and test automation.

My responsibilities were:

- Improving existing code
- Adding new functionalities
- Customer support
- Design system architecture
- Deployment
- Planning and performing upgrades and changes of 400+ VMs avoiding load balancing issues and network bottlenecks
